

## 5th Multiple Sclerosis Nurse Workshop

ms it no . .

Milan

16. 9. 2003 16. 9. 2003

This workshop is designed to provide nurses who treat Multiple Sclerosis patients with up-to-date information on the latest care options available. The workshop will combine lectures, interactive working groups and discussions to help nurses effectively cope with MS patients' needs. Opportunity for interaction and questions will comprise a significant amount of program time.

### OBJECTIVES

At the conclusion of this course the participant will be able to:

- Describe the latest updates in MS treatment and research;
- Apply the International MS Nurses Care Plan to your local region's needs;

### ACCREDITATION

This offering of up to 9.6 contact hours is provided by Serono Symposia International, Inc., which is accredited as a provider of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation. Successful completion of this program includes filling out an evaluation form. Statements of credit will be mailed to all participants within four weeks of the program date. Serono Symposia USA, Inc., is approved by the California Board of Registered Nursing, Provider Number CEP 8210.

The American Nurses Association's accreditation refers to recognition of educational activities only and does not imply approval or endorsement of any product of any company displayed in any form during the presentation of educational activities.
